

Redmond Fire Department
Fire Sprinkler Submittal Checklist
For
Quick Start Permits

This checklist must be completed and submitted along with all Quick Start Fire Sprinkler Permit Applications

Note: For a qualifying "Quick Start" permit application, all checkboxes must be checked and all information shall be provided or you will not be able to use a Quick Start Sprinkler Permit.

- ☐ This submittal is for 25 or fewer sprinkler heads.
- ☐ This modification to the existing system does not change the hydraulic calculations and is not located in the most remote area.
- ☐ One copy of the stamped plans for reference included with the submittal.

The following information shall be provided for the affected system:

Hazard Class _____

Design Area of Water Application, (sq. ft.) _____

Minimum Rate of Water Application or Density, (gpm/sq. ft.) _____

Area per Sprinkler (sq. ft.) _____

The below signed automatic sprinkler system designer declares that the modification proposed on this system is in compliance to NFPA 13 (1994 edition) and Redmond Fire Department Standard 5.00-Fire Sprinkler Systems. The designer must be a minimum of NICET level 3 and this form must be stamped with the State of Washington Certification.

**I VERIFY THAT I DESIGNED OR DIRECTLY SUPERVISED THE DESIGN OF THIS ALARM SUBMITTAL AND I
VERIFY THAT SUBMITTAL REQUIREMENTS ARE ACCURATE AND TRUE TO THE BEST OF MY KNOWLEDGE.**
